COMPANY PROFILE · 2026

DON VALLEY BREWERY.

Great beer and good tunes. A local family business at Sandtoft, brewing cask, keg and canned beer, most of it named after a song.

ABOUT

Don Valley Brewery started in a small microbrewery in Mexborough, next to the Don navigation, and moved to a purpose-built brewery at Sandtoft YEAR TO CONFIRM. The brewhouse has four conical fermenters, conditioning tanks, a canning machine and bottling kit, with room for over 1,150 hectolitres a year. More conditioning tanks went in in 2020, and the brewery tap and shop opened in October 2022, built from three shipping containers.

In 2026 the brewery relaunches as a standalone brewery, selling cask, keg, 440ml cans, 500ml bottles, bag in box and 5 litre party kegs to the trade. It also brewed Knights Ale for Doncaster Knights, launched in November 2024.

THE BEER HALL

A German-style beer hall at the brewery, opening soon: one flexible room for gigs, parties, private hire, tours and trade tastings, with a house PA and lights. Its first night is Oktoberfest, on Saturday 10 October 2026.
